LIGHT.

CLASSICAL DATES AND STATES

- 1. Your inactive record Disposition Schodules have proceeded within these last few years so successfully that additional new building space outside of Machington appears to be necessary. Such a step in the face of the President's desire not to add construction-inflationary pressure from the Coversment brings forward on additional most perious consideration.
- 2. Accordingly, the Director has asked that all existing Disposition schedules be reviewed immediately to the end of excertaining whether or not more destruction of records can be secured. Obviously included is the Tollowing
 - a. The necessity for elimination of all earbons or other copies possible;
 - b. The necessity of avoiding emplication of materials as between the inactive Records Conter and the Agency's libraries;
 - c. The necessity of determining the Office of Record for each item so that specified retention of records arises properly from the office of first responsibility, and, therefore, avoids enother form of doplication;
 - d. The necessity of speeding completion of unfinished records Disposition Schedules so that as yet unknown destruction cen teke place.
- 3. I am directing the Records Management Staff to lend all pessible priority assistance to you in connection with these objectives.
- 4. A report of progress, marked for the estention of the Chief, Haussement Staff, is requested as of 1 June 1957.
